## EXPLOSIVES THROWN IN STREET AS CROWD SWARMS INTO HALL

(Continued From First Page.)

day that more than 100 members of the young Communist organization in Europe had slipped through the immigration lines and reached the United States within the last two months for the purpose of "causing trouble." If the two Italians, Sacco and Vanzetti "were executed" for the murder of which they were convicted in Massachusetts last summer.

Many of these men, the officials said, had applied for passports to the United States, but had been refused American passport bureau in Paris and had been refused after inquiry into their cases, but later were able to get to America by other means. The police are now working on the theory that some of these Communists who failed to get through the lines after having been refused passports were responsible for the bomb sent to Ambassador Herrick which blew up in his home on Wednesday.

## ORGANIZE DEMONSTRATION OF PROTEST IN LONDON

(By Associated Press.)  
LONDON, Oct. 21.—A demonstration is being organized to take place Sunday outside the American embassy in London, on protest against the conviction of Sacco and Vanzetti in the United States, it developed.

During the last week the embassy and the consulate have received a number of letters containing resolutions on behalf of the condemned men, adopted by various labor organizations in London and its suburbs. They were addressed to the American government, and have been forwarded to Washington.

## Legion Circles Amazed.

BOSTON, Oct. 21.—The manner in which the conviction of two men for killing a factory paymaster and his guard at South Braintree, eighteen months ago, has become the apparent cause of radical demonstrations in the capitals of Europe, has led to a feeling of amazement in legal circles here. The attempt to kill Ambassador Herrick at Paris by a bomb, and threats against the lives of American diplomats elsewhere in Europe, ascribed to protests against the death penalty for the murderers, Nicola Sacco and Bartolomeo Vanzetti, have come at a time when the ultimate disposition of the case is still pending, awaiting the filing of expressions by counsel for the men. A motion for a new trial also is to be heard.

## WOMAN'S COLLEGE TO HAVE NEW BUILDING

LYNCHBURG, Va., Oct. 21.—It is expected that the trustees of Randolph-Macon Woman's College will arrange at once for beginning work on the proposed students' building at the Women's College here, so that it may be available for the next session. This building would increase the facilities of the college, as it would make available much room in the present equipment to be used for other purposes. The building will cost at least \$75,000 and will be a memorial to the late Dr. W. W. Smith, founder of the institution. The students have raised a large fund toward the cost of the building.

## The New Way to End Corns

The Scientific Method  
Easy, Gentle, Quick and Sure  
A famous chemist, some years ago, discovered a way to end corns. A surgical dressing house of world-wide repute adopted and produced it.

Millions of people use this instant relief and quickly rid themselves of troubling corns.

The method is Blue-jay—liquid or plaster. One applies it by a touch. The pain stops instantly, and the whole corn quickly loosens and comes out.

Old, harsh methods are supplanted by it. So with corn pads, so with paring. All such ways are folly.

Try Blue-jay on one corn now and see if you will be delighted.

# Daily Fashion Hints From VOGUE

**NEW SILHOUETTE FOR AUTUMN**  
In abrupt reaction from the past mode, which sanctioned unbroken chemise lines and an extremely short skirt, the new silhouette for autumn and early winter, a charming example of which is shown here, the oval neckline and wide, flowing sleeves are echoes of the medieval period, which is influencing many of the newest fashions. In perfect harmony with these graceful lines, are the soft folds of the unusually draped overcoat and long, paneled blouse. The slashed tunic, by the way, in spite of its appearance of intricacy, is no more than a series of slashed lengths of Canton crepe, folded to form the exaggerated loops, which fall on each hip and at the front. This type of frock is an unusually good one for combining fabrics or colors.

## GREENS SCARCE, FRUIT IN PLenty, ON LOCAL MARKET

Poultry Market Well Supplied, and Fish and Meat in Abundance.

Visitors to the retail markets this morning will find it rather hard to get a varied supply of vegetables for the big Sunday dinners. They will have to depend on cabbage, a few snaps, turnips, house neck squash, potatoes and a few other things, in limited quantity.

In fruits, the situation is better. The usual varieties for this season are on hand, including extra fine grape fruit, very fine grapes and apples plenty.

The poultry market is well supplied, and prices have come down some. Dressed chickens are plentiful at 25 to 40 cents per pound, hens at 30 to 35, ducks at 40 to 50 per pound and guinea at 90 cents to \$1 apiece. A few turkeys have come in, and the limited quantity to be found this morning can be had at about 60 cents per pound in the dressed state. Eggs are not so plentiful, and the real fresh country kind are going at 55 to 60 cents per dozen.

At the fish stands, magnificent rock fish are on display, going at 35 cents the pound. Sheepsheads also are to be found, and flounders are plentiful at 20 to 25 cents the pound. Very fine pompanos are going at 35 cents per pound. Among other products of the ocean to be found this morning may be mentioned Norfolk spots, trout, blue fish and fresh schrimp.

The meat market is in fine shape, but the long looked-for reduction in prices has not shown up as yet.

## Flood Probes G. O. P. Appointment.

WASHINGTON, Oct. 21.—Postmaster-General Flood was requested in a resolution introduced today by Representative Flood, Democrat, Virginia, to inform the House if it had appointed as rural mail carrier at Breno Bluff, Va., a candidate who never served in the war and who received a rating of 79.50 over a man who got a rating of 85.10 and who served with the American expeditionary forces.
